Fulton, Kentucky  
January 14th, 1952.

Mr. Stanwood R. Morss  
Rte 3, Bradford, Mass.

Dear Mr. Morss:

Just a line to verify your report concerning reception of station WFUL, Tuesday morning, January 8th, during our test broadcast for frequency measurement check. Your log of reception, announcements and time coincide with our log of the same date, showing WFUL on the air at 1:36 AM and carrier off at 1:45 AM. WFUL's transmitter is a Gates Model BC-1F, 1000 watts, with a 212' antenna tower.

I want to thank you for your letter and reception report. We are always interested in hearing how our signals over WFUL are being received, and hope we may hear from you again.

Sincerely yours,

RADIO STATION W F U L
