R 3. Bradford, Mass.

Dear Mr. Morss:

I am in receipt of your letter of  
March 17th reporting the reception at Bradford of  
the signals of WPAD. I am very gratified to know  
our signals are reaching out that far. Since your  
log checks very accurately with our transmitter  
log, you may consider this letter as a verification  
of your reception of our signals as you have stated.

Yours very truly,

*U. C. Morris*
