HAYNESVILLE BROADCASTING CORPORATION  
P. O. BOX 189      PHONE 505  
HAYNESVILLE, LOUISIANA  
March 4, 1961.

Mr. Stanwood R. Morss  
R. R. No. 3  
Bradford, Mass.

Dear Mr. Morss:

In answer to your letter of February 28, asking for a verification of your report of reception of KLUV. On the date of February 27, our transmitter was on in the early morning while our Chief Engineer was conducting a proof of performance test.

We appreciated getting your letter and hope that this reply is sufficient enough. If it isn't just drop us another letter and let us know what information you need and we will be happy to send it to you.

Also, there is a man, (Mr. Tommy Forehand), here in Haynesville who is a Ham radio operator, and I am sure that he will be happy to communicate with you. His signal comes in somewhere in the same range as ours. I 'm sorry but I don't know his call letters.

Thanks again for writing.

Sincerely,

Butch Burnham  
Program Director
