Dear Sir:

This is to verify your reception report of this station as of February 10, 1948 between 1:08 - and 1:13:30 AM CST. Sorry to have been so late, but as usual at a new station there is plenty of work, but I am getting out the verifications slowly.

Equipment here consists mainly of Gates units. Tower - guyed 285 ft.

Thank you for nice report.

Sincerely,

S. E. Eckhardt,  
Chief Engineer
