Dear Mr. Morss:

Hi and Thanks! from "Deep in the Heart of Dixie". Received and deeply appreciate your report of our test transmission. Program verification was correct and we're glad you enjoyed it.

It was a pleasure to cooperate with the NRC on this equipment check. All reports received were encouraging and contained interesting comments. Received almost as many reports as we have watts.

Thanks again and "Keep Listen'n".

Very 73,

J. D. Davis
