Dear Mr. Morss:

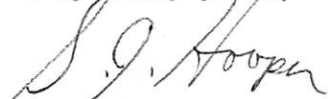

This letter is to certify that what you heard on 3/5 between 1:19 and 2:00 p.m. EST was indeed our beloved radio station.

I recall receiving a similar letter from you in January. However, I'm sorry to say, your handwriting was so poor that it rendered your name and address illegible and I could not send you a verification.

As to our power increase, there have been no definite plans made in that direction. Our owners have done some preliminary work, but no applications have been filed with the Commission.

Best wishes to you and happy listening!!!

Very truly yours,

Scott J. Hooper,
Assistant V.P.
