Mr. Stanwood R. Morss
R. R. 3
Bradford, Massachusetts 01830

Dear Mr. Morss:

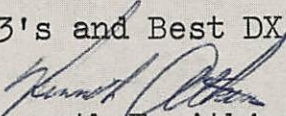

This is to verify your accurate QSL report of WWEL on August 30, 1973 at 10:26 A.M. EDT.

WWEL (AM) is a daytimer with 5 KW feeding a single guyed tower 200 feet high.

I was very interested in seeing that you have the exact same receiver that I have. It is a very good receiver. I have had mine for twelve years and have had no problems with it.

Thank you very much for your fine report.

73's and Best DX,

Kenneth E. Atkins, K1JKR
Chief Engineer, WWEL FM/AM
