Dear DXer:

This will serve as a verification of your reception of WISZ AM on November 25/63. We are most pleased to know that our signal is being received beyond our normal service area.

WISZ AM commenced broadcasting on May 20, 1963, and currently operating a schedule of 5:30 A.M. to midnight local time. Our studios and transmitter are located at 159 8th Ave., S.W., in Glen Burnie, Maryland.

Our RCA BTA-3M 500 watt Transmitter operates into a directional array consisting of 7 towers, each 145 feet in height, with separate patterns used day and night. Your reception was of our Night pattern.

Thank you for your interest. Best DX.
