Dear Mr. Morss:

It was a thrill to hear from you! I have checked our program log for December 15 and what you heard was the daily program ADVENTURES IN ODYSSEY (produced by Focus On The Family). The program airs 4:30-5PM Monday-Friday. The spots you heard were during a commercial break in the broadcast at 4:40PM.

We are a Christian station operating during daytime hours only. Our station broadcasts with 1,000 watts of power and normally reaches points 40-50 miles distance from Denton.

The Lord was certainly working on December 15 to enable you to pick up our signal. Interesting, too, is the fact that just minutes after you received our signal, we reduced power. If you had been listening a short time later, you would have heard WHAS from Louisville, but not WKDI.

I appreciated the audio tape as well. This is the first time a member of the National Radio Club has actually sent a tape of the reception.

A few years ago a listener from a town near Allentown, PA picked up our signal. He was the most distant listener until your experience.

May God richly bless you during this Christmas season and please feel free to contact us anytime if you should pick up WKDI again.

Sincerely,

A handwritten signature in cursive script that reads "Michael McCoy".
