

April 5, 1990

S.R. Morss  
R.F.D. 2, Lakeshore Rd.  
Boxford, MA 01921

Dear Mr. Morss,

This letter is to confirm your report of the reception of WQSI. WQSI operates on 5,000 watts during the day, nondirectional. Nighttime, WQSI operates using a two tower directional array with a power of 680 watts.

Thank you for your interest in WQSI and your reception letter.

Sincerely,

A handwritten signature in blue ink that reads 'Howard Fisher'.

Howard Fisher  
Chief Engineer
