Dear Sir,

Thank you for your reception of WZYQ Wednesday 1/21/87. WZYQ has a construction permit to operate 5000 watts non-directional day and 500 watts night using a 2 tower array on 820 khz.

At the present time and the time you reported reception WZYQ was testing with 500 watts.

Thank you for your interest and also for the tape.

Sincerely,

A handwritten signature in blue ink that reads 'Howard C. Fisher'.

Howard C. Fisher  
Chief Engineer
