Dear Mr. Morss:

It is a pleasure to enclose another verification card for you, this time for your report of reception of WBME, on December 21, 1964, from 3:00AM to 3:18AM (EST).

Reports from you, from Mr. Cooper, and from Henry Tyndall were among the first to arrive, making the whole test response seem like old times.

So far, we have had 34 replies to the test program, and it looks like all but one could be verified. Considering the frequency and the location, I don't think that's too bad.

Best of luck for future DXing. I hope I'm at this station for a long time, but perhaps if I move on, we can be in touch on yet another new report for you.

Sincerely,

Alan D. Vaheer
General Manager
