11 July, 1957.

Mr. S.R. Morss
R.F.D. #3,
Bradford, Mass..

Dear Mr. Morss,

I am very sorry for the oversight. We tried to get things off on schedule, but evidently missed a couple.

Your report is as correct as it could be. It certainly pleases me to be able to verify it for you. We, at WFST, are looking forward to another scheduled DX test. We had reports from many towns, even with the WICC interference.

Would you please send me the report of the broadcast that appeared in DX News. We keep these on file for reference, and it would help, if we had that report.

Thank you for your interest in WFST.

Sincerely,

NORTHERN BROADCASTING CO.,

Eddy Stevens
General Manager.
