Dear Mr. Morss:

It is with a great deal of pleasure that I can confirm and verify your report of W K T Q reception during our special DX program the morning of December 22, 1958.

As a matter of fact, my first appearance on Radio was on a DX show from W C S H back in 1937 during the Spring and summer. I went to work for them as an announcer in November of that year. I've been in radio work ever since with a brief fling at UHF-TV.

You will be pleased to hear that as of this date we have received mail from 22 different Dx-er's. Montreal, P.Q. had three of them! Farthest west was Valier, Pa. All New England States except Vermont were heard from. N.Y., N.J., Pa., and Ontario were other locations.

At the moment, my partner, Jud Higgins and I, have an application in for a daytimer on 1380 Kc, 1 Kw at Farmington, Maine. We're hopeful of a grant soon since FCC has had application since last April.

Best of the season to you and yours.

Sincerely yours,

Elden H. Shute
