Lewiston Auburn 1470 AM

THE "MUSIC OF  LIFE"

TM

I am pleased to confirm your reception report dated 2/14/91 at 2:46 pm our local time. The program information you have listed identifies WLAM as the station monitored.

We operate on 870 kHz in Buxton, Maine (approximately 12 miles west of Portland) with 10,000 watts during daytime hours and 1,000 watts during nighttime hours using a 4 tower directional array favoring the eastern direction. We also operate on 1470 kHz in Auburn, Maine with 5,000 watts output using a two tower directional array with a heading of 69 degrees true north.

Thank you for your report and good luck in your DXing.
