

1/27/82

MR. MORSS...

Thank you for your report on reception of WMLI.

Unfortunately, we don't have QSL cards, so I hope this letterhead will suffice.

To answer your question on WMLI going full time...we hope to accomplish that in the very near future. We will be a two-tower directional on 1200Khz.

Again, thanks for the report and the tape.

A handwritten signature in blue ink, which appears to read "Al Roberson".

Al Roberson, Chief Engineer

WMLI/WGUY-FM (100.9Mhz)
