Dear Sir,

This is a letter of verification of your reported reception of our signal on 1370kc on the morning of Sept. 7, 1957, between the hours 2:56 AM to 3:08:30 AM EST. We were broadcasting our regular monthly frequency check to our check point in Port Huron, Mich. We're happy to have you among the many HAMS who have reported reception of our signal. We are a 500 watt daytimer and have been on the air a little over one year. Thanks for your report of reception and you have our best wishes for many thousand more.

Sincerely,

R. T. Schmitt
