Bradford,
Mass.

Dear Mr. Morss,

I want to thank you on behalf of the entire staff of WKLA for your interest in the show of the morning of the eighth and for sending us a report on it. It checks O.K. all the way through, so here is another verie to add to your list.

Our signal compares favorably to the rest of them throughout the East, and it was fair down south, and strong enough to enable a couple of DX'ers to pick us up out in Vallejo and Banning California. So we here are well satisfied with the results of the test.

Have to cut this short for now. Thanks again for all of us here, and may we hear from you again in the near future. Until then,

"73"

Paul F. Garwood
