Mr. S. R. Morss
Route #3,
Bradford, Mass.

Dear Mr. Morss:

Thank you for your letter under date of January 28, 1947 reporting reception of WPAG's Signals on that date at 2:50 AM.

Your report is correct. I had just completed work on the transmitting equipment and made the station identification, which you heard, prior to closing down the equipment.

Thank you.

Sincerely yours,

George D. Stearns
