Mr. S. R. Morss  
R. J. Bradford, Mass.

Dear Sir:

Thank you for your listeners report of November 14, 1953. Checking against our program log and with the announcer on duty during this period, I am pleased to transmit this verification to you.

We normally operate on an 18 hour schedule but because of the many hunters headed towards the north woods we broadcast around the clock hoping to prevent the accidents which normally happen this season of the year by constant warnings as to traffic, weather, etc.

I will omit a discription of WSGW since this is the second such report from you out in Mass. Thank you for the report, Mr. Morss, and untill we hear from you again, I remain

Very truly yours,

Harold Volz Jr.  
Chief Engineer
