December 12, 1952

Mr. Stanwood R. Morss
R. R. No. 3
Bradford, Mass.

Dear Mr. Morss,

Sorry for the delay in answering your DX report. Seems the basketball season caught us a little early this year before I had time to answer all the reports.

Thank you for your very fine report of October 25, 1952 and I am glad to verify it as correct on all items logged.

Noticed you logged part of our frequency check. We had no tone for modulation and were trying any number of things to have Commercial Radio to identify us. Tried organ music, band music and finally the National Anthem a few times before the identified us and checked our frequency.

Received quite a number of reports from the DX program. The majority of the reports came from the east coast and from the midwestern states. The southeastern states were nearly exempt because of WWPB being on the air twenty-four hours.

Thank you again for your fine report.

Sincerely,

Del Grage
