Dear Mr. Morss:

Many thanks for your report of our signals. We would like to confirm your report of reception of our station on March 31, 1958.

We operate daytime only with 1000 watts of power from our transmitter in Hollister....across Lake Taneycomo from Branson. Nearby are two other large lakes, giving a great resort and vacation area. Because so many tourists come here from all over the country, we use a slogan, "Serving A Nation On Vacation".

Should you ever decide on an Ozarks vacation, be sure to come see us.

Yours truly,

Leland E. Ebert
