PAUL E. ROSCOE  
GENERAL MANAGER

June 5, 1946

S. R. Morss  
RFD 3  
Bradford, Mass.

Dear Sir:

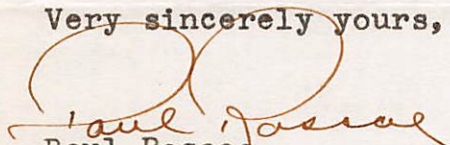

This letter will serve as an acknowledgment of your DX letter dated June 3, 1946.

I have checked through our program log for that particular morning and find that all of the data which you have enclosed in your letter is accurate.

I certainly want to thank you for the interest shown, as we were glad to know our signal could be heard in your area.

We are waiting permission from the FCC to start our regular schedule broadcast as we completed our last equipment test this morning at 6:00 AM. If you desire any future information regards KRES, we would be glad to hear from you.

Very sincerely yours,

  
Paul Roscoe
