Mr. S. R. Morss  
R-3.  
Bradford, Mass.

Dear Sir:

This is to verify your letter of December 9, 1946 stating that you received one of our equipment test programs.

After checking our operating log of the above date I find that you are correct in the program and announcements heard.

We are pleased to learn that we were heard in Mass. as this is the only letter we have received from the state of Mass.

Yours truly,  
Station WCJU
