Mr. S. R. Morss  
Route 3  
Bradford, Mass.

Dear Mr. Morss:

We are pleased to verify reception of WCNC on January 11, 1947, between the periods of 3:00 and 4:00 A. M. We also wish to thank you for the information as to signal strength and quality.

We have had several reports of DX'ers being able to receive us at 6:00 A. M. If you are able to receive our signal at that time in the morning, we would appreciate hearing from you. WCNC operates from 6:00 A. M. to 11:15 P.M., 1400 Kilocycles, 250 Watts daily. We use type 250C Gates Transmitter with 179 feet non-directional vertical antenna.

Thanking you very much, we are,

Very sincerely

Joe Kyle  
Chief Engineer
