Mr. S.R. Morss
Rt. 3
Bradford, Mass.

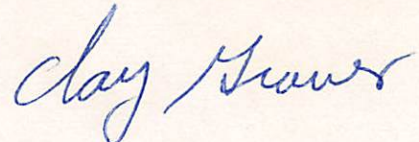

Dear Mr. Morss:

After checking the official log of the station, I am very pleased to report that your reception report is entirely in order and we greatly appreciate your time and effort in informing us of our signal. We use one KW Gates BC 1 T Broadcast transmitter with a power reduction kit to reduce the transmitter to 500 watts. We have a .3 wave length antenna with resistance of 115 ohms. Antenna current 2.08 amps. Our regular broadcast day is from 4:30 A.M. untill local sunset Monday through Saturday; from 6 A.M. to local sunset on Sunday.

We hope you will be listening for us again and if we may be of any further service to you, please let us know.

Again thanking you for your time and consideration, I remain

Sincerely yours,

Clay Groves, Chief Engineer
