Dear Mr Morss:

I have just received your letter of verification.  
Your report is correct. However I will also  
state that you are correct on it being some other  
station that played the selection of "The Bells of  
San Raquel " at 4:39 am. It was very probably WNOE.  
They seem to be the only one that gives us interference  
on our regular frequency test programs. I think that  
they must hold a 24 hour schedule.

Our next Test Program will be December 14, 1943 from  
4:30 A M till 5:00 A M.

Thank you for your report.

Yours very truly,

  
W. C. Groves, Jr  
Chief Engineer
