Dear Mr. Morss;

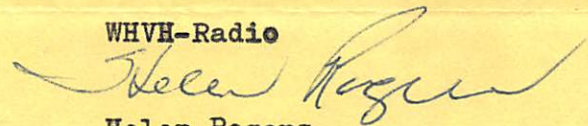

It is a pleasure to confirm your October 22, 1956 reception of WHVH.

We are a 250 watt station, and are relatively new in the radio field, since we will only be two years old the first of May. We recently changed ownership, and the new owner is a fellow New Englander, Mr. Lawrence Brandon of Waterbury, Connecticut.

Thank you for your report, and if you are ever down Carolina way, we would be happy to see you.

Yours truly
