Mr. Stanwood R. Morss
Route 3,
Bradford, Massachusetts 01830

Dear Mr. Morss:

Thank you for your reception report. This will confirm the accuracy of your log and transcription of our broadcasts on December 24, 1978 near 5:00 p.m. EST.

At the time for your reception, we were in our "critical hours" pattern of 500 watts power, with our principal lobe oriented north-east from our Mebane, N.C. transmitter site. We have a three tower array, protecting stations to the south-west and west of Mebane.

Thank you again, and good DX'ing to you.

Sincerely,
