Dear Mr. Morss:

I am pleased to be able to verify your report of reception of Station WTAB on the morning of Nov. 16, 1954 from 2:03:30 A.M. to 2:09:30 A.M. EST..

The carrier was in the air from 2:00 A.M. and since modulation isn't necessary for a freq. check with Atlanta, Ga. I had no tone modulation at that time. However I noted the interference from some other unidentified station at that time and had to recheck at 2:20 A.M. after the interference had cleared.

We plan a special program for the Dx'ers this Sunday at 4:00 A.M.. Hope to see you then. So until, thanks a lot and
