Dear Mr. Morss,

This letter is a verification of your report on Radio Station KFNW. It was interesting to note that we had listeners in all parts of the United States and Canada. We will be going on the air in a matter of days with our actual broadcasting schedule. We are enclosing some literature that we thought might be interest to you. It will tell you more of the story of KFNW. Thank you for your letter and may God richly bless you is our prayer.

Sincerely,

Clarence W. LaBonte
