Dear Mr Morss,

I'm sure you have no idea how sorry I am that I couldn't get to your splendid report of the 10th of December sooner. We have been so darned busy getting ready to move into new studios that our mail has really slipped.

Mr Lloud R Amoo the chief engineer of this radio station is still up to his neck in work and worry..so I have taken it upon myself to answer your letter for him, as I was the fella that ran the program.

Your report is absolutely correct and I am happy to send you this report of reception and verification thereof....belated as it is.

Hoping your Christmas was wonderful and that the new year will be full of all the good things of life for you and yours...and Good listening.

Best Wishes from all of us
