

KCNI "KEEPING CENTRAL NEBR INFORMED"
DEC 22nd, 1949, BROKEN BOW, NEBR.

DEAR MR. MORSS:*

Your correct reception report of KCNI on Dec 19th rec'd and thanks. Always pleases me to find out others are losing sleep besides me when I "git up" before breakfast to put on a test of any sort. We seem get eastward OK but no reports out of the west, tho our daytime west is fine. Yours is first report from your state in the three months we have been on air at this spot.

Bud Crawford K CN I
