

November 28, 1952

Mr. S. R. Morss  
R3  
Bradford, Mass.

Dear Mr. Morss:

It is with pleasure that I confirm your reception of KOWH on November 26th as shown in your reception report.

Incidentally, it required quite a struggle to reach our transmitter building to go on the air due to the heavy snows. KOWH was on the air as a public service during these hours.

Thanking you for your report, I am,

Cordially yours,

*Dale L. Moudy*
