Date *9/29/70*

To *S.R. Morris*

A check of your reception report against our program log for Sunday, August 23, 1970, confirms the items contained in your report.

WASR is a relatively new station (April, 1970) operating on 1420 KHz daytime with 1,000 watts power. Most of our programming is automated.

Thanks for your report *Al Severy*
