Mr. S.R. Morss
R.R. #3
Bradford, Mass.

Dear Sir:

We are happy to verify your reception of WBBF on
October 20, 1953.

On the third Tuesday of every month, WBBF has it's
frequency checked by the RCA Measuring Laboratory at River-
head, Long Island. This check takes place between 2:15am
and 2:30am eastern standard time. A 1000 cycle tone is
used. Our call letters are aired every three minutes during
this period.

We were very pleased to hear from you. Thankyou.

Very truly yours,
WBBF
