Dear Stanwood,

It's a pleasure to know that you caught our signal on the morning of Feb. 18, 1954 during our transmitter adjustments. Your logging of our selections was correct and I'm pleased that our signal was strong and clear.

Thank you for listening in and for taking the trouble to let us know about it, etc. You boys are a big help to us engineers. Keep it up.

Sincerely yours,

Charles Charnesky
