Sept 25

Dear Sir

Thank you very much for acknowledging our test on Sept 16 . Seems that we got into the Mass area that night for I also recieved card from Boston are a but also another from Shenandoah Pa I was a little surprised. We are opp erating a 250 watt with only 154 ft stick. We hope someday to go up a little but right now cant get it on the fire. We cover quite an area though even if it is in the mts.

Big resort area for NY but quiet now Getting ready to conduct test with RCA at riverhead at 12 15 EST as every ~~1st~~ 4th thurs. Signing of now Thanks a lot

Austin C Barber C.E.
