Mr. S.R. Morss
R-3
Bradford, Massachussetts

Dear Mr. Morss:

Many thanks for your reception report on our DX program of December 27th. This will verify that WIGS did broadcast program content at that time the same as your report.

Our channel is a tough one to crack at 250 watts, especially with someone's test tone on the air. But, we're very glad you were able to pick us up.

Again, many thanks for your report and your interest.

Very truly yours,

Keith E. Barber
News Director
