This will confirm your letter indicating reception of WKAJ on December 18th at 4:23 PM.

As you indicated there was some interference with others, however most of your information was correct enough to lead us to believe that indeed it was WKAJ you heard at least part of the time. The rock & roll music you listed was not us, as we do not play that type music, however the Jamesway announcement would definitely have been WKAJ and the info about Santa's letter box was also correct..shortly after that you apparently lost us...but it was only a few moments later that we signed off, as in December the sign off time was 4:30. We are a daytime station and the sign off changes on a monthly basis..(Jan. it is presently 4:45..and will become later as the days become longer.)

If you are fortunate enough to pick us up again at some future date, please let us know..as we are also happy to receive this type of report.

I was not sure of your name in the signature, so I hope this reaches you.

Thank you very much for your report
