Dear Mr. Morss:

Thank you for your report of reception of Station WKSJ on April 6, at 2:59 AM. Your report is an accurate description of the program broadcast at that time.

WKSJ operates 24 hours a day except from 3:00 AM to 8:00 AM Sunday mornings, with 250 watts. Our transmitter is a Western Electric 451-A, and the antenna is a 150 foot self-supporting tower mounted on the roof of the WKSJ building in downtown Jamestown.

It gives us great pleasure to know that our signal can be heard in your area. Once again, thanks for your report, and best wishes.

Very truly yours,  
Radio Station WKSJ
