Dear Stan,

This letter will serve as verification of your having received WLNA'S special DX program of December 28, 1953, for the National Radio Club. It sure is nice to know that our signal was so excellent up there in Massachusetts. Not bad to be able to have QRM from an overseas station.

We hope you enjoyed the show as much as we enjoyed putting it on. The many welcome phone calls made things even more lively. We seemed to have a pretty good day for reception as shown by your overseas interference and the many reports already received.

We're a little short on QSL'S and as we sent one to you last year we hope you won't mind if we don't send on along this time.

Now here's wishing you continued success in your DXing and best of health. 73's

Your DX friends,
Kenneth Maylath
Peter Hansen
Alex MacKenzie
Croton DX Club
