Mr. Stanwood R. Morss

We recieved your letter today concerning your pickup on August 25, 1963. We haven't any DX cards printed up as yet, so I hope this letter will satisfy your requirments. We confirm your reception of this station commencing at 6:01 AM on August 25, 1963 on a frequency of 1600KC.

We are operating with an RCA BTA\*1R1 transmitter connected to a single tower arrangement. Our output is limited to 500 Watts, so as not to interfere with adjacent stations. Our area covers both the north and south forks of eastern Long Island.

Again I would like to thank you for your letter and if we can be of any further assistance to you, let us know. If you are ever in the Sag Harbor area, drop in for a visit.

Yours truly

*Edward E. Eichhorn*
