Dear Sir:

This is to confirm your letter dated Sept. 18, 1972 in which you listed our station broadcast matter during the afternoon period prior to sign-off. Your monitoring correctly lists our broadcast material at that time (6:54PM).

We are pleased to hear that our signal is rather "clear" at such distance, and have received a number of letters to the north and north-east at a distance almost equal to your home-town from our studios here in Mechanicville.

Thank you for your kind letter...and good luck.

Very truly yours,

John J. Farina
General Manager
