2:00-2:32 AM EST
5,000 watts/Day Pattern

Greetings...

After looking over your reception report, we are happy to verify your reception of WPIE on OCT. 24, 1994 from 2:03A to 2:32A EST/EDT, from your listening post in Boxford MA.

WPIE operates 24 hours daily on 1160 kHz, with a power of 5,000 watts days and 310 watts nights, with different directional patterns day & night (DA-2). Our transmitter is on Town Line Rd., Town of Hector, Schuyler County New York. 42 32' 42" North Latitude & 76 42' 39" West Longitude. WPIE is licensed to Trumansburg, NY and serves the Ithaca NY market and New York's Finger Lakes region. We operate from two 380 foot towers.

Thank you for your report. We do appreciate hearing from you. Since our power increase in November, 1993 we have recieved numerous reports.

Hope you have great DX'ing!

Sincerely,

Joe Loverro
General Manager
