December 18, 1962

Stanwood R. Morss
RFD #3
Bradford, Massachusetts

Dear Stan:

Thank you for your reception report of Station WXYJ on December 10, 1962 from 4:00 to 4:30 $\frac{1}{2}$ AM. Your report is an accurate description of the program transmitted at that time.

WXYJ operates from 5:30 AM to 1:05 AM with 250 watts. The antenna is a 150 foot self supported structure mounted on the roof of the WXYJ Building in downtown Jamestown.

We are glad that you could receive WXYJ so well through all the QPM on 1340. We wish you continued success in your Radio Club activities. Thanks again for your report, Stan.

Very truly yours,
Radio Station WXYJ

Burton Waterman
Chief Engineer
