October 14, 1947

Mr. S.R. Morss
R 3 Bradford, Mass.

Dear Sir:

It is with pleasure that I confirm your report of hearing signals from this station Sept. 18, 1947, 0259 to 0312 EST. Your report is accurate and is greatly appreciated.

We have had a good number of reports, now, from distant points, so I feel that the station is working out pretty well.

Good luck with your DXing

Sincerely yours,

Ralph H. Allen
Chief Engineer
