This letter is to acknowledge your report of W C H O's Test Program which was given last February 22nd. We have checked your report against our log and found it to be correct.

We were very happy to have the opportunity to give this test program for all you "DXers". Wish we could answer each letter individually, but due to the large and gratifying volume of response to our program, we are taking this method of verifying your report.

May I again say "Thanks" to you one and all for your wonderful letters. Perhaps in the future, we may have the opportunity to give another test program for other members who were unable to listen that particular date.

Cordially yours,

L. Morse Weimer, Pres.
