HILLSBORO, OHIO

3 April 1960

Mr. S. R. Morss
R.R. No. 3
Bradford, Mass.

Dear Mr. Morss:

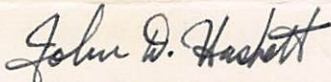

Thank you very much for your letter of January 30, 1960 reporting reception of WSRW in your area. We are always glad to receive these reports.

This will verify that it was WSRW that you were listening to from 12:58 to 2:01 AM EST on January 30, 1960. At that time we were on the air for an equipment test, operating with 500 watts on 1590 kilocycles.

It may interest you to know that we operate with non-directional antenna from local sunrise to local sunset, and serve the rural area of Southern Ohio. The equipment here is Gates throughout.

Be sure and let us know if you hear us again.

Sincerely,

John D. Haskett
Chief Engineer
