2/2/87

Dear Mr. Morss:

Thank you for your letter of 1/26/87 regarding your reception of WAHT. This "QSL" letter is to confirm that your information is indeed accurate. As you may already know, WAHT is a daytime only station operating on 1510khz with 5kw. OUR transmitter is a Gates BC5h. I hope this letter has been of help to you and feel free to tune in anytime when the propagation permits. Thanks again!

Yours truly,
